

## Sun Cream SPF 50

1 pce  
50ml

### Product information

High protection sunscreen SPF 50+ nourishes, protects and soothes the skin. This supple, easy-to-apply sun cream protects the skin against aging caused by sunlight. Enriched with vitamin E, a strong antioxidant, which increases the softness and elasticity of the skin.

Use: Apply evenly to the face and body before sun exposure. For optimal protection, reapply every two hours.
